Jan. 27-Feb. 2—First semester examinations.

Feb. 2, Friday—First semester ends.

Second Semester

Feb. 5, Monday, 8:10 a.m.—Chapel; second semester begins.

Feb. 6, Tuesday—February meetings begin.

April 25-26—Comprehensive Examinations for Seniors and National Cooperative Tests for Sophomores.

June 1-5, Commencement program:

June 1, Saturday, 8:00 p.m.—Recital of Music and Dramatic Art.

June 2, Sunday, 10:30 a.m.—Baccalaureate service.

June 2, Sunday, 7:00 p.m.—Vesper service.

June 3, Monday, 8:00 p.m.—Senior Class play.

June 4, Tuesday—Alumni Day.
9:25-11:15 a.m.—Alumni seminars.
3:00-5:00p.m.—President's reception.
7:00 p.m.—Alumni Association dinner.

June 5, Wednesday, 8:30 a.m.—Spring Meeting of Directors.

June 5, Wednesday, 10:00 a.m.—Commencement.

DR. RALPH WALDO LLOYD
President of Maryville College

COLLEGE PRESIDENT'S WELCOME

Going to college is, or may be, a truly wonderful experience. Study, play, friends, growth, worship, service! And these things are under encouragement of faculty and counselors who give full time and years of training to help. At Maryville you will find the results of one hundred and twenty years of work by trained men and women. The College was long ago tried and found good. We heartily welcome you to its privileges and ask your unreserved loyalty and effort.

RALPH WALDO LLOYD,
President of Maryville College.

THE EDITORIAL PREFACE

The Y. M. C. A. and the Y. W. C. A. publish this book as a part of the active program they have planned in the interests of Maryville's students. The upperclassmen, who already know Maryville, are always ready to aid you and to help you get acquainted as quickly as possible—give us your cooperation and we can assure you that you'll not have that "lost" feeling during your first days here.

The information which we have included in the following pages will help you get a better understanding of college life and activities. For this reason, we suggest that you read the material carefully. Knowing a few of these facts will make it easier for you to orient yourself at Maryville.

With this word the Editorial Staff takes pleasure in passing on to you this introduction to Maryville College. We wish you success and happiness during the coming year.

THE EDITORIAL STAFF.

PART I

GENERAL INTRODUCTION TO MARYVILLE

GENERAL INTRODUCTION TO MARYVILLE COLLEGE

If you new students know something before you come to Maryville of the location, historical background, general facts and activities of the college, you will find it easier to adjust yourselves to life here after you arrive. The purpose of this introduction is to acquaint you with the college, in order to lessen any sense of strangeness you may feel your first few days here. These words cannot be expected to give you a complete understanding of Maryville. But we do hope that by giving you these general facts, we may help you to discover for yourselves the things of value which Maryville has to offer you.

Maryville College was founded in 1819 by Isaac Anderson to supply the need for an educated ministry for the South. The school continued with a slow, steady growth until the Civil War, which closed the College for five years. In 1866 the institution was reopened with a very small enrollment which, however, grew very rapidly. The enrollment in 1900 was about 400, of whom only 80 were of college rank. Last year 804 students, all of them of college rank, were enrolled.

Through the years the function of the College has changed to suit the varying needs of those it served. About twelve years ago the preparatory department was discontinued and the College became what is now, a liberal arts college providing a cultural background.

Maryville is on the approved list of the Association of American Universities and

offers to the student who will work an education comparable to any to be obtained anywhere in the country.

The city of Maryville is situated sixteen miles south of Knoxville, Tennessee, in a section of the country rich in historical lore and tradition. It has an elevation of 1,000 feet, and, besides being one of the gateways to the Great Smoky Mountains National Park, is quite near the recently completed Norris Dam project of the Tennessee Valley Authority. The population of Maryville is 5,000, with another 5,000 living in Alcoa, a twin community named for the Aluminum Company of America, which operates its largest factory there.

The territory surrounding Maryville offers much in the way of beautiful scenery. From the campus can be seen the heights of the Great Smokies, the Chilhowees, and the Cumberlands, green in spring and often white with snow in winter. Don't pass up any opportunities you have to visit the Great Smoky Mountains National Park.

As for the campus we would venture to say that there are few more beautiful in the country. A definite program of campus beautification has been in progress during the past five years. Hundreds of small trees and shrubs have been added to the campus; a new circular drive is soon to be completed; and numerous other improvements are being made. Included in the campus is an extensive College woods of pine, oak, and cedar.

Here, very near the College botanical gardens, is a huge, natural amphitheatre in which the beautiful and impressive May

Day pageant is given each year. Included also on the campus is a nine-hole golf course.

There are twenty bulldings on the campus, the principal ones being described in the school catalogue. You will find no difficulty in becoming located, however, for within a few days after your arrival you will know them as well as the upper-classmen do.

As from the very beginning of the College Maryville aims to lay positive emphasis on religion and morals. Students are required to attend Sunday school and church. Attendance at daily chapel services is also required. The College is organically related to the Presbyterian Church. U S. A., but it is not sectarian in purpose or program and students attend the church of their own choice. The leading denominations have churches in Maryville. More will be added about the churches on a later page.

There are no social fraternities at Maryville and no dancing, as it is not felt that they are necessary or in harmony with the general aims and purposes of the school. However, there will be plenty of social activity, sponsored by the two "Y's", the Student Council, and various other organizations and clubs. There are four societies. two for men and two for women, each of which presents a short, entertaining program every Saturday night.

To give an indication of the activities on the "Hill" we will list some of the clubs.

The vocational clubs, mainly for study and fellowship along particular lines, are:

Student Volunteers, Ministerial Association, Law Club, and the Language Clubs. Beside these there are various state clubs composed of students from the same section of the country, and honor societies for athletics, debate, dramatics, and scholarship. More detailed descriptions of some of these clubs will be given later. There are also other clubs not mentioned which will welcome you to their membership as you qualify and feel inclined to join. Club membership is not essential but it always proves helpful and worthwhile. However, don't just be a "joiner." When you join a club support your club.

One of the advantages that everyone who comes to Maryville enjoys is the wide range of contacts that is possible within the limits of the campus. Last year, students came from thirty-one states as widely separated as Maine, Florida, and California. Eight foreign countries were represented, chiefly by members of missionaries' families. The enlarged vision, the more sympathetic understanding, and the new interests gained by these contacts are among the many values found at Maryville.

A general introduction to Maryville College would not be complete without a word about sports records and the athletic department. Maryville last year won the Tennessee State Championship title in track. When you come to Maryville be a loyal supporter of the Orange and Garnet. The teams will appreciate your encouragement. Football starts off the athletic program at the opening of school in September, and athletic activity continues throughout the year.

When you arrive in Knoxville, either in the bus or in the train station, look for someone with a Maryville tag. They will be glad to direct you over to Maryville. Then when you arrive on the campus, go to one of the information desks or tables staffed by members of the Y. W. and Y. M. C. A. Make yourself known to them and they will direct you to your dormitory. There, other students will help you with your baggage and assist you in finding your room. There will probably be some confusion, but it won't take you long to get your bearings.

New students are continually surprised and impressed in finding such a friendly spirit in evidence at Maryville. As a general thing new students expect to be the under-dogs, but this is not the case at Maryville. There is no hazing or mistreating of the new students. You will find the upper-classmen ready and willing to help you in every possible way. Ask them questions, borrow from them until your trunk arrives—they won't mind. It's the Maryville spirit. The new girls will be especially taken care of by their "big sisters", arranged for by the Y. W. C. A. As for new fellows you won't be assigned a "big brother," but you will be "big-brothered".

Now that we have given you this general introduction we urge you to come to Maryville prepared to make friends and to spend the happiest four years that you have ever experienced.

PART II

Y. M. C. A.
and
Y. W. C. A.

Y. M. C. A. PRESIDENT'S WELCOME

DEAR FELLOWS:

I am happy to be among the first to welcome you on your arrival at Maryville. I am only one among many who believes Maryville is the best place you could possibly have chosen to begin your College life.

From the very first day you will be welcomed into an atmosphere of friendship by fellow students who will be anxious to make you feel at home. The Y. M. C. A. is interested in every new fellow and it backs up this interest by carrying out a program which reaches into every phase of campus living. Equal stress is laid upon the mental, physical, social, and spiritual aspects through the Artist Series, the extensive Interclass athletic program, the annual mountain hikes and banquets, and the weekly worship services held every Sabbath afternoon.

As you begin your first year at Maryville, count on the "Y" as an organization which exists to serve you and which you in turn can serve. We need your help in continuing a well-rounded program centered about Jesus Christ who, in the words of next year's Y. M. C. A. motto, assures us of His presence and guidance . . . "Lo, I am with you always" . . .

Sincerely yours,
RUSSELL STEVENSON,
President Y. M. C. A.

Y. W. C. A. PRESIDENT'S WELCOME

DEAR NEW GIRLS:

Y. W. welcomes you most cordially. We welcome you not only to Maryville College "Hill," but we are hoping to welcome you also to our association of young Christian women.

You are now entering upon four of the busiest and happiest years of your life—years that will pass like a snap of your finger. And years, too, during which your thoughts and attitudes will change greatly.

We who have been here at Maryville for a while feel that somehow the Y. W. C. A. is bound up with some of the best and most worth while things. We hope that you will let us share them with you, and thus we may have our part in making your years here even busier and happier.

The Y. W. needs your enthusiasm and your talents. You need the friendship and the opportunities for service and worship that Y. W. can give to you. We are awaiting your coming just as eagerly as you are looking forward to your years at Maryville.

Sincerely,
HELEN BEWLEY,
President, Y. W. C. A.

Y. M. C. A. ACTIVITY

The Y. M. C. A. endeavors to lead on the campus in every phase of college life. The cabinet is chosen with the end in view of having campus leaders working for the "Y." You will find that the Y. M. C. A. as a whole consists of hard-working, progressive young men with whom you will want to work or have good times.

The "Y" sponsors interclass athletics in football, basketball, baseball, track, and swimming. Tournaments are also conducted in handball, ping-pong, tennis, volley ball, and golf.

The annual mountain hike and banquet are naturally among the most popular features of the "Y" program.

In Bartlett Hall—the "Y" headquarters—will be found the reading and game rooms. Here there is a good radio, current magazines, and newspapers. Games including pool. and ping-pong are here for your entertainment.

The Sunday afternoon meetings in Bartlett Hall are the times when we try to reach decisions on the vital issues of life. These meetings are brief, interesting, instructive, and inspiring. They are featured by special music, prominent guest speakers, and student discussions. They are the hub of the "Y" program.

Every year the Y. M. cabinet, along with the Y. W. Cabinet, spends a week-end "Retreat" in the mountains in order to plan the work of the following year. The motto this year is "And lo! I am with you always." Join the "Y" and help us in our work.

Y. W. C. A. ACTIVITY

Maryville's Y. W. C. A. has always endeavored to help girls to find satisfaction and peace in Christian living. Keeping this main aim ever in view, Y. W. has organized such movements as the Nu Gamma Sigma groups, Big Sister movements, Peace Forum, and participation in the East Tennessee Intercollegiate Christian Council.

The Sunday afternoon worship services are planned to give inspiration and help. Problems of vital interest to all college girls are presented—personal, social, and international problems. Both old and new girls have opportunity to assist in some part of these services, and are greatly benefitted by the actual participation.

Besides the joint activities with the Y. M. C. A., the program of Y. W. includes such activities as semi-annual tennis tournaments, production of the May-Day pageant, social service work in the mission chapels and in the orphanage, and various social activities for its members. The Y. W. rooms are especially well adapted and equipped for group events or individual relaxation and enjoyment. All members are invited to use the "Y" rooms.

You will find that the members of the "Y" cabinet, the Nu Gamma leaders and the Big Sisters are sincere, friendly, and willing to help in every way possible. Give Y. W. a chance to be your friend and guide, and join the old members as they follow this year's motto, "And lo! I am with you alway—"

JOINT ACTIVITIES

Joint Devotional Meetings

Usually the devotional meetings of the Y. M. C. A. and Y. W. C. A. on Sunday afternoons are held separately, but at various times joint meetings are held, in the conduct of which both organizations cooperate.

International Relations Club

This organization is sponsored by both the "Y's" in the effort to make students conscious of world affairs. Through well-informed speakers and informal discussion groups, an attempt is made to educate for peace.

Artist Series

Each year the College brings to the campus a number of artists of highest excellence. Outstanding in last year's group were the Salzburg Trapp Choir, Jussi Bjoerling, and Walter Gieseking. Tickets are sold to the public; the cost to college students is included in the Student Activities Fee. The Series is managed by a Faculty Committee with the cooperation of the Y. M. C. A. and the Y. W. C. A.

Appearing in 1939-1940 will be Myra Hess outstanding English pianist, Alexander Kipnis, Russian-American basso, and Zuika Malanov and Carin Carlsson in joint recital.

Barnwarming

Each year at Thanksgiving the "Y's" put on a barnwarming in the alumni gymnasium. It's a gala affair and so much fun you won't think of missing it.

NU GAMMA CHAIRMAN'S WELCOME

DEAR NU GAMMA GIRLS!

We hope you are as excited about coming to Maryville as we are in having you. We are so happy that Maryville is your choice, and we know you will learn to love it as we do.

Perhaps you feel that you are coming to a strange place. That feeling can't last long, for, as we say, "that strange feeling just doesn't exist at Maryville." Each one of you will have a Nu Gamma leader who will be waiting to show you around the campus, introduce you to friends, or answer any questions which I am sure you will want answered. I know you will enjoy the "get-to-gethers" which your leader is planning for you. Our lives certainly will be enriched through the deep friendships we will share.

"Welcome to Maryville," New Girl, wherever you may be.

Sincerely yours,
RUTH CRAWFORD.

PART III

GENERAL STUDENT ACTIVITY

General Student Activity

Everyone can find some organized college activity to capture his interest and utilize his ability. Some organizations are open to all; others are selective or honorary.

Student Council

The Student Council is composed of eight seniors, six juniors, four sophomores, and four freshmen. This body is not student government, but it represents student opinion and works with the faculty in promoting desirable movements. The members are elected by their classes as representing student sentiment. From the Council two committees are chosen, the Student-Faculty Committee and the Highland Echo Committee.

A Social Committee is chosen by the president of the Student Council in cooperation with the presidents of the upper classes. A Pep Committee of two Student Council representatives and five other college students is also selected each year by the Student Council president.

NATIONAL HONORARY FRATERNITIES

Pi Kappa Delta

Maryville has the distinction of having the Tennessee Alpha Chapter of the national honorary forensic fraternity, Pi Kappa Delta. Maryville participates in the Pi Kappa Delta National and Provincial Conventions, and in other tournaments. In the spring of 1938, members of the debate squad attended the National Convention at Topeka, Kansas.

Theta Alpha Phi

Talented dramatic students may, upon meeting certain requirements for membership, be initiated into the Tennessee Delta Chapter of the national honorary dramatic fraternity Theta Alpha Phi, located at Maryville.

Sigma Delta Psi

The Maryville chapter of Sigma Delta Psi was established in 1930. Membership is open to all men of the college "who maintain satisfactory scholarship and command the respect of their associates as athletes and gentlemen." Membership is earned by meeting the requirements of the various athletic tests in the presence of a responsible committee. The object of the society is the encouragement of the moral, physical, and mental development and training among college students.

Local Honorary Fraternity

Alpha Gamma Sigma was organized in the spring of 1934, for the purpose of motivating high scholarship among students. Its requirements are equal to those of Phi Beta Kappa. Ten per cent of the graduating class may be admitted provided the members have a grade point ratio of 6.5, or somewhat more than a "B" average.

LITERARY SOCIETIES

There are on the Hill two sets of literary societies. Each set consists of a society for boys and one for girls that are known as brother and sister societies. Theta Epsilon

and Bainonian are the sister societies, respectively, of Alpha Sigma and Athenian.

All four societies hold regular meetings every Saturday night. Each has its respective hall. The meetings held here consist of short business meetings followed by programs of varied sorts in which members of the society are expected to take part when called upon, in advance, by the program secretaries. Once a semester each set of societies holds a joint meeting in which boys and girls co-operate on matters of program, decorations, and refreshments.

At the beginning of the year the women's societies sponsor rush weeks to introduce new girls to the members of each society. At the end of the two weeks taken by the rush program new girls are given the opportunity to join either of the societies. Both groups are glad to receive new members, and there is a friendly rivalry as to which one can attract the larger number.

Men make their choices as to society membership by visiting regular meetings of each.

There is another form of rivalry among the societies besides that of membership. Each brother and sister society cooperatively present a play during the winter known as their midwinter. A committee of judges gives a decision as to the relative merits of the plays, and the societies presenting the best play are awarded a silver cup. The societies receiving the cup three years in succession are the permanent owners of it. It was won last year by Bainonian and Athenian.

We sincerely hope that each new student will find a place truly his in one of the organizations. Choose the one in which you feel you will be happiest after you have carefully considered each. Each society sends a hearty greeting to every new student.

OTHER CLUBS

Writers' Workshop

Students who show interest and ability in literary work may be elected to the Writers' Workshop. The members are elected from the faculty and the junior and senior classes. Each member writes and reads aloud for criticism one paper a semester.

"M" Club

The "M" Club membership is restricted to those girls who have earned the college letter by participation in athletic activity and the keeping of health rules.

Pi Upsilon

The Hi-Trail Club is a hiking club limited to twelve men. Its activities include hikes to nearby mountains several times each semester.

Nature Club

The Nature Club is a particularly interesting one to belong to. Its meetings are held every other week. Nature talks, movies, demonstrations, and similar programs are part of the activities of this group. Here's a chance to learn to enjoy nature study for the meetings are open to all and no dues or knowledge of biology is needed to become a member.

Disc Club

For the benefit of music lovers who meet every other week to hear recordings of symphonic and operatic music. At each meeting a qualified commentator introduces the compositions played.

Language Clubs

For students interested in modern languages, there is opportunity to gain confidence in the use of the foreign tongue. and to have a lot of fun in the French, German, and Spanish clubs.

Law Club

Students who are studying with a view to entering the profession of law maintain this organization. Their purpose is to familiarize themselves with the features of their contemplated life-work, and to develop high moral standards and ideals in connection with their profession.

Confab Club

This club was organized for the purpose of promoting improvement in speech among its members, having as its program the presentation of speeches and the carrying on of criticized conversation. Freshmen and sophomores are eligible for membership.

B. G.

A club for hiking and other activities with its membership limited to eight girls. They are chosen from the outstanding girls of each class. Various athletic and social activities are part of the program.

STATE CLUBS

The Triangle Club for New York, New Jersey, and Pennsylvania people welcome you along with the Carolina, Florida, and other State clubs to their social fun.

PUBLICATIONS

The weekly "Highland Echo" is the college newspaper. Twelve freshman apprentices are usually chosen each year by examination of samples of their writing. The annual "Chilhowean" is another student publication.

RELIGIOUS ORGANIZATIONS

Besides the "Y's" there are the Ministerial Association and the Student Volunteers. The ministerial group holds weekly meetings, but its most important activity is that embodied in four standing committees which conduct regular preaching and pastoral work in the county prison, local missions, and the country churches in the vicinity of Maryville.

The Student Volunteer group is composed not only of those who have pledged themselves to the foreign field, but of those who are interested in this form of Christian work. Regular meetings of the group are held Sunday evenings after vespers. Some phase of missionary work is considered, and frequently missionaries on furlough provide valuable and inspiring first hand material.

The Maryville Larger Parish composed of forty Ministerial and Student Volunteer members has charge of Sunday School work in a number of Sunday Schools in three counties around Maryville. This project is under the Presbyterian Mission Board.

Since 1877 February Meetings have been a part of the religious program. A prominent religious speaker conducts daily serv-

ices, the object of which is to deepen the spiritual life on the campus.

The annual Fred Hope drive is for the collection of funds for use in the work of an African mission school of which Mr. Hope, a former Maryville student, is superintendent.

MUSICAL ORGANIZATIONS

The five musical organizations at the college provide an excellent opportunity to develop musical talent. Three of the organizations are choral; two are instrumental.

The most outstanding and selective of these groups is the College Choir of forty-four voices. This year, credit will be given for choir membership and the choir rehearsals will be scheduled as a class. However, an apprenticeship of one year must be served before credit is given. New robes of blue and egg-shell gray were given the choir by the College Maid Shop this year, and were dedicated on Easter Sunday. The choir leads the daily chapel singing and takes part in all public religious services of the college. Membership is gained by a rigid competition.

The other choral groups are the Women's Glee Club and the Glee Singers the men's organization. Together they give an opera each year and assist in the presentation of Handel's "Messiah" at Christmas time. They also give a spring concert, and furnish a chapel program during commencement week.

The orchestra is called the Maryville College Symphony; it is composed of about thirty-five members and its repertoire con-

sists of overtures, symphonies. concertos, and program numbers. The orchestra will also meet this year as a scheduled class and on the same credit rating as the choir.

The Band of about fifty members has orange and garnet uniforms and is led by a drum major. Each year a girl from one of the upper classes is chosen as band sponsor. The Band functions principally playing and parading during football season at the games and pep meetings. The Band contributes much to the beauty of the Easter Sunrise Service by its playing before daybreak on the Campus, and its antiphonal music during the procession to the amphitheatre in the college woods.

A great many people look forward to these various musical activities throughout the year; we hope you will do so too, or better still have a part in their success yourself. Here is what you have in store for you:

The Band's music through football season. The choir's performance at vesper and other religious services, every third Sunday is a special musical vespers. On December 10, a two hundred-voice chorus, student soloists, and orchestra present Handel's "Messiah." There will be a Glee Club opera in March. Good Friday and Easter services will be held, the Easter Sunrise Service in the amphitheater. There will be the May Day Festival, Glee Club Spring Concert, a Spring Symphony during Music Week in May. During the last week of college on June 4 is the Glee Club chapel program.

BELL SCHEDULE

6:00 A.M.	Rising Bell.
6:45 A.M.	First Breakfast Bell.
6:56 A.M.	Second Breakfast Bell.
7:50 A.M.	First Chapel Bell.
8:00 A.M.	Second Chapel Bell.
8:30 A.M.	First Hour Class.

Extra Sunday bells are scheduled as follows:

6:30 A.M.	Rising Bell.
7:15 A.M.	First Breakfast Bell.
7:30 A.M.	Breakfast Bell.
8:55 A.M.	Sunday School Bell.
12:20 P.M.	Dinner.
1:10 P.M.	Y. W. C. A. Meeting.
4:45 P.M.	Y M. C. A. Meeting.
6:00 P.M.	Supper.
6:45 P.M.	First Vesper Bell.
6:55 P.M.	Second Vesper Bell.

PART IV

ATHLETICS

MARYVILLE ATHLETIC POLICY

Maryville stands for the well-rounded, well developed college life. For many years the College has realized that one must not only be developed mentally and morally but also physically. As a result of this realization Maryville College holds a high rating among the schools of the southeastern states in regards to athletics. Her teams rank high in comparison with colleges of similar size throughout the country. Besides having inter-collegiate athletics the Y. M. C. A. conducts a well-developed, highly organized system of intra-mural athletics for men, and under the leadership of Mrs. Verton M. Queener, coach of women's athletics the women have, what is known as, the point system. Both of these programs will be more fully described later.

Maryville is the largest institution in the Smoky Mountain Conference which is composed of ten colleges and universities in East Tennessee and West North Carolina. Although it is not one of the best known or largest conferences in the country, few conferences have such a high reputation for honest and clean sports activity that the Smoky Mountain Conference has. Hardly a year passes by that does not find Maryville at the top of the conference heap in one sport or another. Maryville's track team won state honors by winning this year for the first time the state track championship. The baseball team finished in a tie for second place with Tusculum, and Coach Thrower's wrestling team finished a successful season by tying Vanderbilt for the state wrestling title. The football squad was hit by a series of injuries, and won four games while losing five, finishing third in the conference after defeating their traditional rival, Carson-Newman, in the final game of the season. The basketball team, the smallest in the conference, finished in third place after losing to the conference

leaders in one of the final games of the season by a scant two point margin.

Maryville does not buy her athletes. Those who come to Maryville come with the understanding that places on her athletic teams are open to physical fitness and average scholastic ability; nothing else. In addition it is true that athletic ability alone does not "make" a student at Maryville. Well rounded effort in other extra-curricular activity and in the classroom is just as important.

The men's athletic program is under the direction of Head Coach Lombe S. Honaker. assisted by Coaches Bob Thrower and Ed. Gillingham. Their reputation is known throughout the Smoky Mountain Conference and the Southern states because of the calibre and fighting spirit of the fine teams that they produce. Each of these three coaches is willing and waiting to try to develop your athletic ability in his particular sport.

For several years Maryville teams have been on the schedules of much larger colleges and universities. Although she seldom succeeds in defeating these opponests she gains experience that is invaluable throughout the remainder of that season and in the following years. And what is more than that—the spectators at these games. or matches, or meets. are always impressed by the "Scottie" fighting spirit and the clean and fair playing of Maryville particlpants.

If you have any ability at all, as you come to Maryville decide to try out for at least one of the varsity sports. Perhaps you have never fully realized your athletic abilities. Athletes are being developed—and even some are made—at Maryville each year. And if you can't, for some reason or the other, try out for the varsity or intra-mural sports, give your local support to those who do try out for them. After all, the Maryville spirit is what you and the other students make it. Whether it be on the field or in the stands show your sportsmanship by being a loyal "Scottie."

VARSITY SPORTS

Football

On some Friday night very soon after the opening of the academic year, the flood lights of Wilson Field will be turned on, the "boys" will be out there on the field passing and kicking the ball around, the campus will be crowded with excited students and town people, the band will strike up one of the old pep tunes, inaugurating the beginning of another football season at Maryville college. But this season will somehow be different because you will be there. From the opening kick-off of the first game until the final whistle of the last game of the season on Thanksgiving Day, there will be plenty of action and excitement on Wilson Field.

Coaches Honaker and Thrower begin football practice about two weeks before college starts and with the coming of new men the squad gradually rounds into shape for the opening game with Union College at Maryville. About forty men enter into competition each year for varsity positions. The eleven positions are all open. If you have the ambition and the ability, one of them may be yours before the season is over. Report as soon after you come to school as possible. Put everything you have into making the varsity, but don't get discouraged if you fail to make it. The coaches will still have a personal interest in you even though you remain a "scrub" for they will want to develop you for the other three years of your stay here.

Make up your mind to get out there and show the coaches and the rest of the squad what you have. Play squarely and honestly with them and you will find that they will do the same with you.

Basketball

Basketball is one of the sports which really holds the interest of sports enthusiasts throughout the winter months. Last season Maryville finished out of the running for the conference title for the third time in five years. The Scotties were third, Milligan College winning the championship, despite the fact that she had been beaten by the Highlanders once during the season.

This sport comes under the direction of Coach Lombe S. Honaker, who "really knows his basketball." During the closing days of the football season, the captain of the team conducts the workouts. After Coach Honaker comes out, the squad is gradually cut down to about twenty men and then the real preparation for the production of a smooth, well-balanced quintet is begun in earnest. A long schedule with various independent and college teams is then begun which continues on into March before the season is finally ended.

Five of the six lettermen will return for the 1940 season, four of them juniors and one senior. There is always an opening for a good man, however, so if you are at all inclined toward basketball, be out there when the first call is issued.

Baseball

Starting the season with only three lettermen, Coach Honaker was able to build up a ball club that finished in a second place tie for conference honors. This was the third time in nineteen years that the Highlanders have not won the conference championship. This is a record that Maryville students are proud of, but there is still an indication that the team can be improved over last year's team.

Baseball is a sport for which Maryville is known not only in the South but in the Northern states such as Ohio, Illinois, and

Indiana, as well. Coach Honaker is considered one of the best baseball coaches in this section of the country. Some of the exceptionally good players who have come under his training have gone up to the big leagues to make good. Scouts are always on the watch to see what "Honaker has at Maryville." If you have any leaning toward baseball, Coach Honaker wants you for he must have good material for his championship teams of the future.

Track and Field

Maryville has had many strong track teams. They have won the conference championship four out of five times. Last season the Scots climaxed their most successful season by winning the Tennessee State Championship for the first time. During the season they also had victories over the University of Tennessee, the University of Chattanooga, and Lincoln Memorial University. Maryville easily outscored all of her opponents to win the Smoky Mountain Conference meet held at Johnson City each year.

One of the key reasons for the Highlanders exceptional track teams is the coaching of Bob Thrower. Coach Bob's record for the shot put, established when he was a student in college, has not been broken and it is the oldest of the existing college records held by one person.

Track practice begins about the middle of March and it continues until about the first or second week in May. Among the six or more meets, is the state track and field meet and the Smoky Mountain Conference meet.

You may show your ability in any one or more of the track and field events. Take a look at those college records, which are listed on a later page, and then drive at some of them! Perhaps you feel that you can already beat some of them. If so report for the track team for Coach Bob will be able to use you.

MINOR VARSITY SPORTS

Wrestling

Maryville regained her position as title holder of Tennessee intercollegiate wrestling last season by tying with Vanderbilt University for championship honors, each team losing to the other once. Although they started the season with many inexperienced men, the Scots won five out of seven matches; defeating Tennessee twice, Vanderbilt once, and the Knoxville "Y" once. Each year Coach Thrower takes untrained, inexperienced men and develops them into first class wrestlers. You are certain to fit into one of the eight weight class divisions. Come out and help Maryville win another state championship.

Swimming

Maryville is rapidly developing, under the leadership of Coach Ed Gillingham, a strong swimming team. Every year meets are held with such teams as Auburn, Kentucky, Tennessee, and Emory. Other meets are scheduled with conference and non-conference opponents. Although the past season wasn't as perfect as it could have been, the team usually gets better year by year.

Tennis

Here is another sport that is rapidly developing at Maryville. Throughout the spring several matches are held each week. Trips are taken all through Tennessee and the surrounding states. Although Coach Gillingham was faced with the problem of replacing every man on the team, the Highlanders finished in second place in the con-

ference. During the past season meets were held with many schools larger than Maryville including the University of Tennessee, Birmingham-Southern, and Emory University. Even though most of the lettermen are returning next year, there are still places on the team for good players. The college has nine courts, and these are usually filled in the early fall and spring months so if you want to do anything with tennis, report early for practice.

Cross-Country

Because this sport comes in the fall during football season, it is not under the official guidance of any one of the coaches but one of the runners is usually captain and coach. Interest in cross-country is gradually increasing because of the inter-collegiate competition and the college cross-country championship. Previous seasons have been featured by victories over University of Tennessee and Lincoln Memorial University. The cross-country college championship is held each year between the halves of one of the football games. The run is three miles long and the Y. M. C. A. presents the winner each year with a cup.

Interclass Sports

Improvements have been made in the intra-mural sports program. This program is sponsored by the Y. M C. A and includes everything from checkers to football. Some of the other sports included are: tennis, billiards, ping-pong, basketball, swimming, track, baseball, etc. Several of these are conducted not as interclass sports but as tournaments.

This type of athletic competition is rapidly assuming a more important place in the athletic program of the college. Here lies the chance for you who feel that you do not have the time or the ability to go out for the varsity. There is no fear of varsity competition for all members of the squads are ruled out of the sports.

Support your class by enterlng into interclass competition! And it won't be your class that will derive the most benefit from this participation for it will help to develop you physically, if you go at it in the right way, and you will have a better fellowship with the other members of your class.

LETTERS AND MONOGRAMS

Designs

Football: Garnet sweater bearing orange letter "M" 7½ inches by 7½ inches.

Basketball: Garnet sweater bearing orange letter "M" 6 inches by 6 inches.

Baseball: Garnet sweater bearing orange letter "M" 6 inches by 6 inches.

Track: Garnet sweater bearing a 6-inch track insignia.

Wrestling: Letter "M", 5 inches by 5 inches.

Tennis: Letter "M", 5 inches by 5 inches.

Swimming: Letter "M", 5 inches by 5 inches.

The letter for women's athletics is more decorative in form and the monogram consists of the letters "M" and "C" superimposed upon each other.

THE WEARING OF MARYVILLE LETTERS

Maryville letters and sweaters are to be worn only by those who have won them in one of the sports. Those winning letters will be so designated by the coaches. Stu-

dents and faculty alike expect adherence to this rule. Out of due loyalty to the college you should wear its letter only if you have won it.

Any letter or monogram from any other school, whether it be high school or college, may not be worn while you are at Maryville. This rule has been violated several times. Maryville has no way of enforcing such a rule except by the will of the students. We hope your school spirit and loyalty will not allow you to break such a rule. So leave all other letters and monograms at home and come to Maryville with the idea of having an orange "M" on your sweater in the near future.

WOMEN'S ATHLETICS

Point System of Athletic Awards

Since the intercollegiate contests have been dispensed with, the point system has been adopted. Women are given an opportunity to participate in every sport, and a chance to win the monogram, the small letter, or the large letter and sweater. By qualifying for basketball, soccer, indoor baseball, and speed ball teams a girl may win 30 points for each team. Additional points are awarded for sportsmanship, membership on a squad, captain or manager of a team, and perfect attendance. In swimming, track, tennis, hiking, and aerial dart tournaments, 50 points each may be won. High scholarship adds a certain per cent to the total of points won. The observance of health rules may total 25 points for each semester. In these activities sportsmanship is stressed as well as skill.

Honors are awarded as follows: 300 points, Maryville Monogram (MC); 400 points, Maryville "M"; 500 points, Maryville "M" with sweater.

PART V

SONGS, COLORS, YELLS

COLLEGE SONGS

The Alma Mater

I.

Where Chilhowee's lofty mountains
Pierce the southern blue,
Proudly stands our Alma Mater,
Noble, grand, and true.

II.

As thy hilltop crowned with cedars,
Ever green appears;
So thy memory fresh shall linger
Through life's smiles and tears.

III.

Lift the chorus, wake the echoes,
Make the welkin ring!
Hail the queen of all the highland!
Loud her praises sing.

Chorus after each stanza:

Orange, garnet, float forever,
Ensign of our hill!
Hail to thee, our Alma Mater!
Hail to Maryville.

Note.—An erect standing position and an uncovered head are prerequisite to a respectful attitude toward the Alma Mater at a time when it is being played or sung.

Dear Old Maryville

I.

Near Chilhowee's mountain blue, Stands our Alma Mater true,
Dear old Maryville, to thee we lift our song.
'Neath thy cedar grove so fair, We shall breathe the mountain air,
While with merry hearts the chorus we prolong.

II.

As the morning sunbeam's light Greets thee o'er Chilhowee's height.
So our tribune, We as freely to thee bring.
Youth's true homage full and free, We thus gladly render thee,
Dear old Maryville, thy praise we freely sing.

III.

To thee, guardian of our youth, Faithful guide to light and truth,
We, thy children, bring our songs of grateful praise.
And when we shall leave thy hill, We shall ne'er forget thee still,
Dear old Maryville, the scene of happy days.

Chorus after each stanza:

Sing we a song of our dear college home,
Fondly we love thee still,
And wherever we may be, Fond mem'ry turns to thee.
Our Alma Mater, dear old Maryville.

The Old Pep Song

We've got the rep, rep, rep, of old Maryville!
We've got the pep, pep, pep, of old College Hill!
We've got the strength to knock 'em stiff
And never know the diff,
For we're from Maryville of Tennessee.

The New Pep Song

Here we go! Here we go!
Down the field to crush the foe,
As the Scotties go marching along.
Men of might! Men of fight!
Orange, garnet, waving bright
While we make the Hill merry with song
Then it's hi, hi, hi,
We'll win this game or die.
Highlanders! Fight to the end.
Rah! Rah!
And we won't be done
Until the victory's won
For the pride of our hearts—Maryville!

Bainonian Song

Our strong band can ne'er be broken,
Sing her praises high;
Far surpasses wealth unspoken
Sealed by friendship's tie.

Bainonian! Bainonian!
Deep graven on each heart;
We'll remain unwavering true
When we from college part.

Theta Song

Always to our Theta we will sing a song of praise,
In our hearts we'll learn to love her through our college days;
Theta! Theta! Loyal to you we'll ever be;
Theta! Theta! Happy sisters we—
Your memory lingers through the years
Through all life's smiles and tears;
Theta! Theta! True we'll ever be.

COLLEGE YELLS

Maryville College

MARYVILLE, TENNESSEE

One Hundred and Twenty-first Year
Begins September 12, 1939

Maryville College is one of the important church-related institutions of America, and seeks to be true to the noblest traditions of the association of education and religion. Its Directors are elected by the Synod of Tennessee of the Presbyterian Church in the U. S. A.

It is a Christian liberal-arts college with the purpose of providing a general cultural education. It is not a professional or pre-professional school, although its courses form sound foundational preparation for professional study.

Its fees are deliberately kept at a low level for the benefit of those who might not be able to attend otherwise. This makes earnest co-operation on the part of all an essential factor.

It desires to select its students on the basis of preparation, earnestness, capacity, character, and co-operativeness.
